

PONY BIKES

May 2017

Mobile Developer Internship – Pony Bikes – ASAP

Let the dream come true

The company

Pony Bikes is a newly founded well-funded start-up that does bike sharing. Our system is a bit like Barclay's bikes but without docking stations. It's super simple: get the app, unlock the bike, drop it when you are done. No docking, no hassle 😊

Offices are based in London, London Fields area.

The role

We're looking for a talented and ambitious junior developer to help build and develop our mobile apps. The app is an essential part of the product and is the main point of contact with the customers. This means the UX must be perfect and your role will be critical for the success of the project.

The ideal candidate:

- An understanding of the structure of mobile applications and knowledge of mobile development practises & patterns.
- Ambitious with the ability to learn quickly in a fast-paced working environment.
- Someone who can put forward new ideas and execute them.
- Troubleshoot and debug existing issues and persevere to solve them.
- Work with all of the teams throughout the entire lifecycle of the app.
- Especially able to work closely with UX / UI to deliver a beautiful customer experience.
- Has the ability to work productively, both autonomously and as part of a team.
- Exposure to server-side and/or embedded development would be advantageous.

Details

- Duration is flexible: from 1 month to 6 months
- Paid
- Compensation depends on experience and duration
- Free biking!

To apply please send CV and cover letter to jobs@ponybikes.co with email subject 'Mobile Developer Internship Role June 2017'
